**RESPONSE TO NOTICE TO COMPLY WITH SEQUENCE RULES
AND REQUEST TO REPLACE DEFECTIVE
NOTICE TO COMPLY WITH SEQUENCE RULES**

Commissioner for Patents

Sir:

In response to the notice to comply with sequence rules 37 CFR 1.821-1.825 contained in the Notification of Missing Requirements, mailed May 15, 2002, copy attached hereto, submitted herewith are:

- 1) computer readable form (CRF) of Sequence Listing;
- 2) substitute paper copy of Sequence Listing; and
- 3) Amendment entering Sequence Listing.

The content of the computer readable form and the paper copy are the same and, where applicable, include no new matter, as required by 37 CFR § 1.821(e), § 1.821(f), § 1.821(g), § 1.825(b), or 1.825(d).

The instant response is submitted without prejudice to the instant request to replace the notice to comply because it is defective, i.e., for being self-contradictory, incorrect, and incomplete, to the extent that what is necessary to respond to the notice cannot be determined.

The notice is self-contradictory because it states that the Sequence Listing in computer readable form (CRF) "*has* been submitted" and "*has not* been submitted."

The notice is incorrect in stating that the Sequence Listing in computer readable form "*has* been submitted." No CRF of the Sequence Listing was submitted prior to mailing of the notice.

The notice is incomplete because it relies on "the *attached* marked-up copy of the 'Raw Sequence Listing,'" but no "Raw Sequence Listing" was attached to the notice.

Favorable action is requested.

Respectfully submitted,

JACOBSON HOLMAN PLLC
